EDUCATION

Centre College
Danville, KY
B.S., Engineering & Physics (double major)
Expected May 2029
Thrive Scholar · GPA 3.0

COURSEWORK

Statics
Electricity & Magnetism
Physics: Mechanics
Calculus II & III
Engineering I & II
Civil Engineering & Architecture

SKILLS

CAD
Autodesk Inventor (Certified)
Fusion 360 · Onshape
Autodesk Revit

Fabrication
3D printing · Prototyping
Mechanical assembly
Welding · Soldering

Programming & Software
C · C++ · Microsoft Excel

CERTIFICATIONS

Autodesk Certified User: Inventor
2023

EOP Engineering Exam
2024

ENGINEERING PROJECTS

Mini-Ecosystem Storage System — Client Project — Fall 2026

- Designed a stackable, 3D-printed storage system in Fusion 360 for the Centre College Biology Department, holding 30 ecosystem jars across 5 modular boxes
- Designed for low production cost, using a material-efficient honeycomb rack with jar collars, plus a vented lid and interlocking features for secure stacking

VEX Robotics — Design & Build Team Member — Worlds 2025

- Qualified for the 2025 VEX Robotics World Championship
- Designed and assembled competition robots in Autodesk Inventor through iterative prototyping
- Diagnosed and repaired mechanical and electrical failures under time pressure at competitions

EXPERIENCE

Panera Bread — Seasonal Catering Director — 2023–Present

- Lead catering operations from order intake through on-time delivery, handling 18+ orders per week
- Worked 30+ hours per week through high school while completing engineering coursework

Family Contracting Business — Deck & Gazebo Construction — 2019–2023

- Helped build decks and gazebos from structural layout through completion
- Worked with power tools, field measurement and job-site safety practices on residential projects

Habitat for Humanity — Volunteer

- Helped plan blueprints and build budget-friendly housing

LEADERSHIP & ACTIVITIES

Beta Theta Pi, Centre College — Social Chair — 2026–Present

- Plan chapter social events for 61 members, managing an $8,500+ budget and coordinating with college administration

Centre College Track & Field — Team Manager — 2025–Present

- Manage practice equipment, athlete timing and meet-day logistics
- Support a nationally competitive program with 4 individual national champions and a 3rd-place women's national finish in 2026
